- Physical Science

**G.C.E Ordinary Level Examination**

2018

- 7A, 2B (including Mathematics, ICT, English Literature)

## ACADEMIC PROJECTS

**RentorX**

Ongoing

- IT3232 – E-Commerce - Group Project
- Web-based rental marketplace that facilitates property or equipment discovery and bookings, featuring an interactive map-based search and a comprehensive dashboard for user activity tracking
- Features: Landing Page with call-to-action, Browse and Search, "Nearby" split-screen Map & List view (Leaflet-powered), My Bookings management, User Dashboard
- Technologies: React, Tailwind CSS, Leaflet (Maps), Vite

**Online Vehicle Gatepass Management System**

Aug 2025 – Jan 2026

- IT3162 – Group Project
- Developed a web-based system to manage vehicle movements and gate pass approvals within an organization or university
- Enables administrators and security officers to monitor, approve, and track vehicle entry/exit and item transport requests efficiently
- Features: Gate Pass Request Management, Vehicle Entry & Exit Tracking, Admin Dashboard, Security Dashboard, Approval Workflow, Record Management
- Provides real-time updates and improves security by replacing manual gate pass processes with a digital solution
- Technologies: React, Node.js, Express.js, MongoDB, REST API, CSS

**Movie App**

Sept 2025 – Nov 2025

- IT3133 – Mobile Communication - Individual Project
- Developed a web/mobile-based movie application that allows users to browse, search, and view detailed information about movies, including ratings, trailers, and categories
- Features: Movie Listing and Search, Category Filtering, Movie Details View, User Authentication, Favorites/Watchlist, Responsive UI
- Technologies: React, Node.js, MongoDB, REST APIs, JWT

**Course Registration System**

Apr 2025 – June 2025

- IT2212 – Management Information Systems - Group Project
- Web-based course registration system that allows students to register for semester courses under various faculties with admin/instructor approval
- Provides analytics for academic and administrative use
- Features: Student Registration Portal, Course Enrollment Approval, Admin Panel, Analytics and Reporting, Notifications and Alerts, Audit Logs
- Technologies: React, Node.js, MongoDB, JWT, Chart.js

## TECHNICAL SKILLS

---

- Programming: C, C++, C#, Java, JavaScript, PHP
- Frontend: ReactJS, React Native
- Backend: Node.js
- Databases: MySQL, MongoDB, Firebase
- Tools: VS Code, Visual Studio, GitHub
- Other: Linux, Shell Scripting

## ACHIEVEMENTS

---

- IEEE Xtreme 18.0 – Participant (2024)
- AIESEC Member (2025)

## CERTIFICATIONS

---

- Cisco – JavaScript Essentials 1
- Sololearn – SQL (Intro & Intermediate)

## SOFT SKILLS

---

Leadership, Communication, Teamwork, Critical Thinking, Problem Solving
